Dear Boater:

You have expressed an interest in docking your boat at The Washington Marina for the 2003 boating season. This letter is to inform you about the renovation progress and how to go about reserving a space for your boat.

Phase 1 of the marina renovation was completed in August of 2002 and gave us all new, floating dock in lengths of 20ft, 24ft & 28ft. Phase 2 will begin in early 2003 with completion by late summer 2003. Once completed, we will be able to accept boats up to 42 ft in length. This will give over 122 new slips that will be available for yearly rental.

Slip fees are based on the size of the slip or boat length, whichever is greater. The rate for the 2003 will be \$9.00 per foot per month, excluding electric, which is billed separately. You will find this rate to be among the lowest in the DC Channel area. For this fee you will receive a beautiful place to dock your boat, parking as available and use of the water facilities. Shore power, cable TV/phone outlets will be available for an additional fee. We have space for powerboats and sailboats with masts less than 37ft in height.

Slip licenses will run from April 1<sup>st</sup> to March 30<sup>th</sup>. Licenses that are paid for, IN FULL by March 1st will be reduced by 10%. Otherwise yearly contract fees will be due in two installments – 50% of the balance due on or before on or before March 1<sup>st</sup> and 50% due August 1st. The Washington Marina Company will not be accepting live-aboard or wooden boats.

If you are interested in keeping your boat at The Washington Marina Co., please fill out the attached form and return to us along with your reservation deposit as soon as possible. Slips will be assigned on a first-come, first-served basis, with priority given to those who had slips in 2002. We look forward to having you with us during the upcoming boating season. If you should have any questions regarding the marina slips, please contact me at 202-554-0222.

Sincerely,

Robert L. Stickell  
President
